MEDICINAL

of suffering with which so many women are familiar. Often this pain is associated with nervousness, sleeplessness and loss of appetite. The cause of such suffering is generally to be traced to derangement of the womanly function, or a diseased condition of the delicate

womanly organs.

In such cases the action of Dr. Pierce's Favorite Prescription is marvelous in the prompt relief of pain and permanent cure of disease. It regulates the periodic function, dries disagreeable drains, heals inflammation and ulceration, and heals inflammation and ulceration, and cures female weakness. It cures when all other means have been tried in vain, Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years Dr. Pierce, assisted by his staff of nearly a score of physicians, has cured more than half a million women.

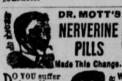

million women.

"I was a great sufferer for six years and doctored all the time with a number of different physicians, but did not receive any benefit."

Saginaw (South), Mich. "One day as I was reading a paper I saw your advertisement, and aithough I had given up all hope of ever getting better, thought I would write to you. When I received your letter, telling me what to do, I commenced to take your 'Pavorite Prescription' and follow your advice. I have taken ten bottles in all, also five vials of the 'Pleasant Pellets.' Am now regular after having missed two years and suffered with pain in the head and back. I was so nervous, could not eat or sieep. Now I thank you for my recewery."

SAYS AMERICA WAS FOUND IN

Schuye Sonoda, a Buddhist priest of Japan, has just r turned to San Francisco from Mexico with what he regards as convincing proof that h's people discovered America 1,000 years before Columbus and carried their faith along the Pacific coast from Alaska to Mez'co. Sonoda has been assisted by Senor Batres, archaeologist of the Mexican

government.
Sonoda followed the Chronicles of Hoeir Shin, a Buddhist monk, who in 499 A. D. returned to his native land with an account of explorations that reached to a lard he called Fu Sang, now identified by Sonoda with Mexico, because of the maguey plant. Sonoda says he found innumerable evidences of Buddhist influence over the natives of Mexico. Some of these were the Mexican zodisc with its twenty-eight hours, Oriental lettering and signs on temples, stone images and pottery and hundreds of names which are slightly corrupted from Japanese. He found the temples invariably facing south as in Thibet, the home of Buddhism and in mosicas at Uilta he found the common cross of Thibet. He also found strong racial resemblances in feature between the Mexican and California Mission Indians and the Japanese. So strong were these now identified by Sonoda with Mexico Mexican and California Mission Indians and the Jepanese. So strong were these resemblences that when a California Mission Indian was dressed in Japanese costume and photographed, Prof. John Fyer of the chair of O iental languages, University of California, declared that the photograph was of a Japanese of the nor-hern islands and hore no resemblence to a California Indian. blace to a California Indiap

searches and says he will submit proofs that will convince the scientific world that the Japanese discovered America. ALLEGED FAITH CURE.-On the Satu day before Caristmas Mrs. G. Henry Bar hart of Middletown, N. Y. became ill with the grip and total blindness followed. She stated that on New Year's Day her physician decided that Year's Day her physician decided that her sight was gone, and on Friday after New Year's she was visited by an eminent New York city eye specialist, who pronounced her infirmity permanent, saying that he was powerless to help her. She suffered great pain in her head and eyes, and for its relief, rather than with any hone of regaining her rup has been used for over fifty years by millions of mothers for their chilNo good results were apparent, and dren while teething, with perfect success It soothes the child, softe s the gums, allays all pain cures wind colic and is the best remedy for Diarrhea. Is pleasant to the taste, Sold by druggists in every part of the world Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

No good results were apparent, and then she began to pray that her sight would be restored, and also enlisted the prayers of several Christian scientists who knew of her affliction. Suddenly, from be-nied her, she says she heard a voice-saying: 'Do not take a y more medi-cine and you will regain your sight at once, and your strength will come back

a little at a time."
Tuesday night her sight returned Her eyes gradually grew stronger Since then she says she has continued to improve, and almost co stantly has prayed that her sight might be restored, the prayers of many Christian Scientists being joined with here. She is sure their prayers have been answered.

PEAR-SHAPED EASTH .- Dr. John W. Gregory, who has schieved some fame as an explorer of the Antartic regione, told the members of the Geological Club at the University of Chicago, re-cently, that he *xn cts to find the earth's pole before any other explorer does; but it will be the South Pole and not the North. The sum of ninery toware fitting out his expedition, for y-five thousand by the Royal Geological Society, of London, and the rest by the

Sciety, of London, and the rest by the British government.
His ship, to be called the Discoverer, is now helding at Dundee, Scotland. It will be 180 feet in length, and built altogether of wood. He expects to sail in August next, and to be gone, perhaps, three years. Dr. Gregory held that all our accepted notions about the shape of the earth are erroneous. He says it is shaped like a pear, with the says it is shaped like a pear, with tre small end south, and the fistened end north, and b lieves that his expedition will demonstrate the truth of his theory to the estisfaction of the scientific

world,
He will spend some time in dredging near the ed.es of the ice sheet that, it is supposed, covers the south sea continect, und will thus, he believer, find out more than is now known about the nature of the land there. When his ship can go no farther he will use sledges, and make an effort to determine definitely the curvature of the earth at the Sou h Pole. He is confident, however, that he will find it like the small end of a pear,

To accommodate those who are partial to the use of atomizers in applying liquids into the use of atomizers in applying liquids into the nasal rassages for catarrhal troubles, the proprieters prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price, including the spraying tube, is 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren street, New York.

The Mother's Favorite'
Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Richard Gibson, druggist.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodel Dyspepsis cure, which absolutely diges's what y in oat. As it is the only combination of all the natural digeriants ever devised the demand for it his become continuous. It has never failed to cure the very worst cases of indigestion and it always give instant relief.
